

FAFIK BI1968

DESCRIPTION

Double-wall thermal bottle made from 304 stainless steel, with a capacity of 550 ml. Characterised by a lid with a sporty design sleeve made from PP. White body specially designed for sublimation. Its lid, with a silicone reinforcement, forms an anti drip system that prevents liquid leakage around the edges.

ADDITIONAL INFO

Material: Stainless steel and PP

Anti-drip. Not dishwasher safe. We recommend washing it by hand. Presented individually in design box.
