

NEVIL BS1988

DESCRIPTION

Multifunction emergency radio with dynamo, made from ABS. Its dynamo mechanism and its solar panel provide safety, as these mechanisms allow it to operate without electricity in emergency situations. Features an LED torch and SOS siren for the most demanding conditions, as well as an antenna for radio use. Features a 2 W speaker and also incorporates a 2,000 mAh power bank, a USB input port and a Type C output. Presentation in design box.
