

WUDY CR1060

DESCRIPTION

Revolutionary 15W magnetic wireless charger, made with a high-quality recycled aluminium body. It combines functionality, design and sustainability in a single device. Simplify your life and contribute to the environment with our recycled aluminium magnetic wireless charger. This charger is compatible with models that support wireless charging technology, giving you an easy and convenient wireless charging experience. With a Type C connection, we ensure a stable and fast connection to charge your devices efficiently. In addition, we include the cable for greater convenience and versatility. In line with our eco-friendly philosophy, we present this charger in a box designed with eco-friendly materials. We are proud to offer a sustainable solution for your charging needs, using recycled aluminium and reducing the use of plastics.
