

CRONOS EM1076

DESCRIPTION

The weather station with a bamboo front shell is a perfect combination of functionality and natural style. With its sleek and sustainable design, this weather station is an impressive addition to any home or office. Not only does this weather station provide you with information about temperature and humidity, but it also has additional features. You can use it as a watch, calendar and alarm clock, which makes it a multifunctional and practical accessory for your day-to-day. Integrated temperature and humidity sensors ensure accurate and up-to-date measurements. You will be able to maintain complete control of the indoor climate and adapt your environment according to your preferences and needs. For added convenience, this weather station is powered by 2 batteries which are included, allowing you to use it immediately without any complicated installation. In addition to its technical features, this weather station comes in an eco-design box, reinforcing its sustainable and environmentally friendly approach. It is a perfect choice for those looking for products that combine functionality and eco-consciousness.
