

RITMON FU1940

DESCRIPTION

Double sleeve with two internal compartments for laptops up to 12", made from RPET 300D and PVC. This fabric and its zip closures are water repellent. This sleeve features full opening. In addition, it includes other complementary medium and small sized pockets, as well as a mesh fabric compartment with zip closure. Includes several elastic fastening straps to secure smaller objects. This sleeve also features a large exterior pocket with zip closure, making it a complete and practical option.
