

SAKMAN MO1932

DESCRIPTION

Backpack made from RPET 300D with a PVC coating, making it liquid-repellent. This feature is enhanced by waterproof zips. Features a main compartment with double zip closure and an internal pocket designed to carry a laptop of up to 15", as well as two additional smaller pockets for carrying other items. On the exterior, it features a large front pocket with zip closure, also waterproof, along with two side compartments for bottles. The handles include a reflective band. Padded back and handles for greater comfort, and it also includes a trolley strap for added versatility.
