

LEYMI SW1047

DESCRIPTION

The smartwatch with activity functions is a modern and functional device. With its metallic dial and silicone strap, it offers an elegant and contemporary style. The 1.39 -inch IPS touchscreen provides a clear and crisp display. In addition, it is dust and water resistant with an IP67 rating. This watch has more than 100 sports modes, allowing you to accurately track your physical activities. It also monitors your heart rate and offers call control, allowing you to receive notifications directly on your wrist. With its connection to voice assistants, you can control various functions using voice commands. In addition, the watch has a function to find your smartphone in case of loss and it connects to an app compatible with iOS and Android. Includes a USB charging cable and comes in a stylish design box.
