

# TANIK VA1241

## DESCRIPTION

Double-walled 304 stainless steel thermal cup, it is the perfect choice to keep your drinks hot or cold for longer. With a capacity of 250 ml, it is ideal to take with you on any occasion. The PP lid has an anti-leakage thread and a practical drinking cap, ensuring that there are no accidental spills. Its double-walled build ensures optimal insulation, maintaining the temperature of your drinks without affecting the outside temperature of the bottle. In addition, its rubber non-slip base provides stability and prevents possible slipping. Whether at the office, on a trip or at home, this thermal cup offers you comfort and functionality to enjoy your favourite drinks at any time.
